PARENT LEADS AMERICAN HITTERS; CLARKE BEST BATSMAN IN NATIONAL.

The batting averages compiled up to last Thursday show John Anderson as St. Louis's premier batsman. Anderson has the stylish average of .341 and is batting fifth in the American League.

Jesse Burkett is also rapidly forging to the front. Jesse is now ninth in the American League and is batting at the fast clip of .335. Mike Kahoe has fallen off very rapidly since the last compilation of batting records. Mike is now sticking at a .257 clip. Emmett Heidrick is also batting below the .300 mark, his average being .290.

A new batting leader has come up in the American League—Fred Parent of the Boston team. Parent now leads the heavy hitters, with Stahl of the same team second, and Jimmy Callahan third. Twenty-two men are batting .300 or better, of which number Boston has three, Chicago three, St. Louis two, Washington two, the Athletics three, Detroit three, Cleveland four and New York two, counting Eberfeld as a New Yorker.

Cliff Pickering is the best run-getter, and Parent has made the most hits. Detroit leads in team batting, the Athletics second, while Clark Griffith's New Yorks still wander in the eighth hole. The Athletics exceed in extra base-slugging and Ralph Seybold is the premier individual batsman. Dave Fultz leads the base-runners on the percentage system.

Three pitchers still have faultless fielding records. Suggen leads the catchers, Anderson the first basemen and McCormick the second basemen. The two Crosses head the stars at third and short. O'Brien heads the outfielders. St. Louis leads in team fielding, the Athletics second.
